SUMMARY

Full Stack Web Developer aiming toward making the user experience on the web more intuitive. Received a certificate for completing a full stack coding bootcamp course through the University of Arizona. Holds a background in leadership and management, professionally and from the creative arts. Partnered with a team to build an app called "Bottoms Up", using Node.js, Express and MySQL databases. This resulted in the creation of a social media app aimed at those who enjoy adult-libations. Ecstatic to showcase mastery of JavaScript, Node.js and Express skills towards building a tight-knit team focused on creating a user-friendly web.

TECHNICAL SKILLS

Languages: Git, HTML5, CSS3, JavaScript 5 and 6, jQuery, BootStrap, AJAX, Command Line, Node.js, Express.js, Handlebars, Heroku, Database Theory, MySQL, Sequelize, MongoDB, Mongoose, React.js

PROJECTS

Dinner for 2 | Link to GitHub Repo | Link to Deployed Project
- First group project. We created a "date night" application that is designed to cut out the 10 minutes of indecisiveness when choosing where to go out to eat. We applied HTML, CSS, JavaScript, jQuery, and AJAX calls to three different web APIs.

Password Generator | Link to GitHub Repo | Link to Deployed Project
- Generates a randomized password between 8 and 128 characters. User gets to choose length and character types. Created a password generator using Bootstrap, JS, HTML and CSS.

Bottoms Up | Link to GitHub Repo | Link to Deployed Project
- Utilizing Node.js, Express and MySQL databases coded with Sequelize, our team created a social-media app for those who love a good drink at the end of the day. The cocktail enthusiasts, the beer connoisseurs, and those crazy shot slammers. Bottoms Up!

EXPERIENCE

Assistant General Manager   2015 - 2019
California Pizza Kitchen   Las Vegas, NV

Led team with a "people-first" mentality to deliver culinary expectations determined by the brand.

Ensured quality recipe and hospitality execution, and managed monthly P&L to meet financial

objectives through budgeting, analysis of loss and variances/labor expenditures.

Key Accomplishments:
- Nominated for Kitchen Manager of the Year in 2018
- Led bi-weekly developmental conference calls for two teams of managers

EDUCATION

Computer Engineering Bootcamp Certificate: University of Arizona, Gilbert, AZ
- A 24-week intensive program focused on gaining technical programming skills in HTML5, CSS3, Javascript, JQuery, Bootstrap, Node Js, MySQL, MongoDB, Express, Handelbars.js & ReactJS.
